Your "Old Prez" shares a little gleaned levity. I'm sure many a computer programmer could come up with such far-out equations using computereez. Bill Gates boys would have a blast. Those "open scource" guys would not be far behind. But non could top the halarity of the Toledo PCUG members. Put your pointed heads to page and see what you come up with for the next meeting. Don't show this last sentence to my English teacher. See you at the next meeting. It can't be October already. Where has the year gone (or is that went). Respectfully submitted,

Floyd L. Miller, Your Prez

Minutes of the September Meeting

Kerry Krugh of the Toledo Hospital spoke of computer-use in medical imaging.

The meeting was called to order at 20:56 by Floyd Miller, president.

The minutes, read aloud, were accepted.

The treasurer's report, in brief on August 8 the club had \$1594.42, was accepted, subject to audit.

Lester Miller said there was no speaker planned.

Roy Ballogg said there are around 24 members, 10 present.

On the third Monday the Internet SIG meets, same time, same place. Car-pool begins at Asbury-Park Church's parking lot.

Floyd Miller said lately nothing has been heard of the Genealogy-by-Computer group.

The TALUG meeting is on the third Saturday at Stautzenberger College.

The meeting was adjourned at 21:10.

Do you know what is in your 401k? Come to find out how to choose the best mutual funds for you by using the online BetterInvesting MutualFund Center (Mutual Fund Check List, Mutual Fund Comparison Guide, Mutual Fund Trend Report, and Mutual Fund Screening Tool). The goal of the BI Mutual Fund Education Program is to help you to become a successful, informed mutual fund investor. This program operates on the same four basic principles which we advocate for stock investments: invest a fixed amount regularly and for the long term, reinvest your dividends and capital gains, buy mutual funds whose managers invest in quality growth companies and hold them for the long term, and diversify over different categories of funds. Also, we will look at features of the Morningstar Premium membership available at a discount to BI members.

No registration, no fees; just come to learn.

For more information on the computer group, to add a friend to our mailing list, and to send ideas of possible programs, please contact Donna Bardis at (419) 535-6146 or pbardis@pop3.utoledo.edu
